2	Some gorillas live in forests. The forests have everything gorillas need to stay alive. But many forests are being cut down.				
4	Some gorillas live at the zoo. Zoos look after gorillas and keep them safe. They give them food and shelter.				
6	In the forest gorillas live in family groups. At the zoo gorillas also live in family groups.				
7	The biggest male gorilla is the leader of the group.				
8	In the forest gorillas sleep on the ground or in low trees. Every night they make nests with plants and branches.				
9	At the zoo gorillas sleep in dens. Every night they make nests with shredded paper.				

Record of Reading Behaviours

Name: _____ Age: _____ Date: _____

Text: **Gorillas** Level: **11** RW: **104** Accuracy: _____ S.C. rate: _____

Retelling

- can retell main idea
- can give supporting details
- can retell sequence of events
- can refer back to the text

Comprehension

(tick if the student's answer is acceptable)

1. What do gorillas eat in the forest?
2. Why do the keepers look after the baby gorillas at the zoo?
3. Where is the best place for gorillas to live?

Reading level

Error rate: $\frac{RW}{E} = \frac{104}{104} = 1$

Self-correction rate:

Accuracy (%):

$\frac{(E+SC)}{SC} = 1$

Reading level: Easy / Learning / Hard

Analysis of reading behaviours

(concepts about print, directionality, word matching, use of visual cues, use of meaning cues, use of structural cues, self-correction, fluency, comprehension)

Recommendations

Teacher: _____ Date: _____
